

SELL SHEET

RFID Countertop Pad

The RFID Countertop Pad enables you to read individual items tagged with RFID.

Deploying RFID innovations such as our RFID Pad provides you a simple, plug and play and cost-effective solution with near real-time tracking capabilities through your supply chain and distribution operations through to your stores.

An optional tablet with integrated DC software is available, enabling easy integration of this simple solution into your overall shipping process.

MAIN FEATURES

ALL-IN-ONE

RFID Reader and Antenna in the same chassis.

FOR INDIVIDUAL ITEMS

One-at-a-time RFID reading.

USER-FRIENDLY INTERFACE

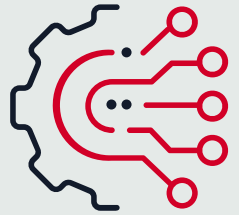

for easy interaction with the device.

COST-EFFECTIVE SOLUTION

Ideal for vendors, distribution centers and stores.

STAND-ALONE PLUG AND PLAY SOLUTION

USB-powered and connected*.

*For advanced features like data visualization, an optional tablet PC with integrated DC software is also available.

Visualize data using our DC Software integrated into a tablet PC
